

Please read and complete this form. It asks for your permission to use all **written materials, video footage** and **photographs** taken for and by Epilepsy Society (either by Epilepsy Society staff or external organisations). It includes:

- all footage taken of you, including rushes (footage that is taken but is not included a final video);
- all sound recording taken of you;
- any still images taken from the video;
- any quotes (written quotes taken from what you have said during the filming); and
- any photographs taken of you.

I give my permission for Epilepsy Society to use any footage and photographs if they decide to do so.

I understand that footage and photographs may be used at different times and that I will not be contacted each time.

I also give permission that any video footage may be edited or altered to be used in other videos and the final decision with the editing rests with the Epilepsy Society team.

I am aware that any footage, photographs or stories shared via social media could be shared further through external websites and digital platforms including national and international broadcasting and media outlets both print and online.

Some of the ways footage or photographs might be used include:

- on the Epilepsy Society website
- on social media (Facebook and Twitter for example)
- video-hosting platforms (YouTube and Vimeo for example)
- in other Epilepsy Society information or campaign DVDs
- use by another company (not Epilepsy Society)
- in Epilepsy Society publications (leaflets, posters, training materials or presentations)
- for broadcast (tv or radio)
- any other appropriate use

I agree and give my permission for Epilepsy Society to use footage and photographs of me as described.
