## **Notes for Editors:**

#### **Epilepsy:**

Epilepsy is the most common serious neurological condition and affects more than half a million people in the UK, around one person in every hundred.

# **Epilepsy Society:**

Epilepsy Society is the UK's leading provider of epilepsy services. Its headquarters in Buckinghamshire are a centre for medical research into the condition, housing the only MRI scanner in the UK dedicated solely to epilepsy. It also operates a globally unique NHS epilepsy assessment facility providing individual assessment, rehabilitation training and ground-breaking research opportunities. It also provides residential care to around 100 people with severe epilepsy.

Epilepsy Society runs a confidential helpline on Monday and Tuesday from 9am - 4pm and on Wednesdays from 9am - 7.30pm. It has a comprehensive range of information leaflets on many aspects of living and coping with epilepsy. In addition, the charity runs tailor-made training programmes for health professionals, employers and individuals as well as providing a comprehensive range of training and qualifications for staff members.
