

Membership FAQ

Why have you changed things?

The original system was established many years ago and is no longer practical for us; we are no longer able to give in-person conferences and wanted to include our valued regular donor supporters in this group as well.

We know that when we all come together to advocate for people living with epilepsy, we have a much stronger voice. Purple Power has been created with that in mind, bringing our most dedicated supporters together. Your regular donations can help us to stamp out seizures through our pioneering research into genomics.

How do I become a member?

[Sign up](#) to make a regular donation and you are automatically enrolled in our membership program Purple Power.

What if I was a member before April 1 2024?

Current members don't need to do anything immediately as you are automatically included in Purple Power. We will get in touch with you to ask if you would like to upgrade to the new style membership when your renewal is due.

Who else is able to be part of Purple Power

Purple Power membership is open to anyone who makes a regular monthly donation to Epilepsy Society. All current regular donors are automatically part of the membership.

Do I have voting rights?

This membership scheme does not come with voting rights.

What if I do not want to receive Epilepsy Review in the post?

If you would prefer to only view Epilepsy Review online, this is available on our website [here](#).
